Notice to Customers

Recommended Retail Prices are calculated based upon a Luxury Car Tax (LCT) rate of 33% which applies to new and demonstrator cars valued at over \$57,180. On 18 June 2008 the Federal Government's plan to increase this LCT rate from 25% to 33% with effect from 1 July 2008 was referred to a Senate Committee inquiry. The Senate Committee has until at least 26 August 2008 to report. In a Media Release made on 23 June 2008, the Government indicated that, if passed, the LCT rate increase from 25% to 33% will apply retrospectively from 1 July 2008.

BMW Tested Bluetooth Mobiles

BMW has tested various Bluetooth mobiles for compatibility / functionality in BMW vehicles. These mobiles, with the relevant software versions loaded, are compatible with the BMW X5. **For full details please refer to your BMW Dealer or visit www.bmw.com/bluetooth.**

BMW snap-in adapters enable charging of the mobile in the car, in-car storage of the mobile and connection to the vehicle's external phone aerial for improved reception. These adapters are available from your BMW Dealer.

Not all Bluetooth-enabled mobile phones are compatible with the Bluetooth interface in BMW vehicles and not all mobile phone functions can be used with the hands-free kit. In addition, changes to the mobile phone software by the phone manufacturer may result in the phones no longer being completely compatible or connectable.

Stylish. Dynamic. Exclusive. Experience the drive that is BMW.
